Important Notice to Policyholders Changes to your Motor Policy Booklet

Thank you for insuring your car with RSA Broker Motor Insurance over the past year. Your policy is shortly due for renewal and the details of your renewal offering including your Policy Schedule, Statement of Fact and Policy Booklet for the forthcoming period of insurance are attached.

We wish to advise you that we have made changes to your Motor Insurance policy. We have decided to retire the Economy version of the Broker Motor offering. If your policy is currently an Economy product we have taken the decision to uplift Your Policy to the same equivalent cover of a Deluxe product.

To assist you in understanding these changes and how they affect you we have included the following:

- Policy Schedule – this document outlines the details of the cover you have selected.
- Insurance Product Information Document - this document highlights the main features, restrictions and exclusions of the policy.
- Our RSA Broker Motor Insurance Policy Booklet which should accompany your renewal documentation and forms the basis of the contract.

We have also taken the decision to include new limits under Section 4 – Accidental Damage. Below is the new limits as they appear in your new Policy Booklet-

If Your Car is disabled by any loss or damage covered under this Policy, We will pay for the reasonable cost of its protection and its removal to the nearest car repairer, up to a limit of €500. After repairs have been completed, We will also pay for the reasonable cost of redelivery of Your Car to Your address as stated on the Certificate of Insurance, up to a limit of €500. We may ask You to place Your Car in a safe place agreed by Us pending its repair or disposal.

It is very important that you take the time to review your policy wording to ensure the cover provided continues to satisfy your needs.
